

Dried Rose Petals

Rosary Boutique

Jesus gave us His mother to be our inspiration. She lived with Jesus all his mysteries and imprints them in our hearts. Mary invites us to seek the image of the Father in the Son's countenance and to reflect on all these things in our lives. This is what we do as we pray the rosary.

The sisters involved in making rosaries out of rose petals, provide the recipients with a tool that leads many to the heart of Jesus through Mary. As the sisters work, they pray for the person who will receive rosaries. Every rosary has a life of its own, a story of sorrow and compassion at the death of a loved one, and joy in the celebration of another soul at peace in the presence of the risen Lord.
