Sacred Heart

The fact that there's a highway to hell and only a stairway to heaven says a lot about anticipated traffic numbers.

Much of the world is steeped in sin. In fact, much of the world does not believe in objective truth. Relativism is rampant. Relativism indicates that if I don't think something is wrong, then it isn't wrong. Therefore, if I don't think abortion is wrong, then it's not wrong. Or...if I don't think premarital sex and contraception are wrong, then they aren't wrong. The problem with relativism is that it's subjective. The laws of God do not change just because the world thinks they should.

Of course, objective truth and natural law tell us that there is indeed sin. There is good and there is evil. When our opinions begin to shape our lives, we can become even greater slaves to our sins.
