

# ST. ANDREW THE APOSTLE CATHOLIC SCHOOL

*Faith · Family · Education*

Dear St. Andrew the Apostle School Parents and Families,

I'm so excited to let you know that our dedicated School Advisory Council after over two months of excellent work has approved a multi-faceted Transformation plan. This plan is inspired by our core values and built on the strengths of our community.

In all families, we know that sometimes we can take communication for granted, or sometimes it gets lost, or sometimes it doesn't come off as intended. One of the top priorities of our "B.E.S.T." plan (Business Executive Summary for Transformation) is how best to communicate among school administration, parents and families. One of the Strategic Objectives in the plan is in the area of communication, and our Advisory Council has focused on five specific goals and activities for more effective communication. So please let us know if you have any ideas for ways to improve our communication.

Thank you for being a part of our school community! Please know that at all times, our principal Kathy Lifka's door is open and so is mine. Staff and administration are here to provide the best Catholic, academic, and all-around education for your children in cooperation with parents and families.

I ask you for your prayers, your love, and your support as we develop and implement this Transformation plan.

I look forward to communicating with you in the future! I will also be providing more details of our B.E.S.T. plan and will keep you apprised of the progress we are making.

In the loving Hearts of Jesus and Mary,

Fr. Gregor Gorsic
