

NOTES FROM FATHER SEAMUS:

Thank you to the many people who helped make our Festival such a success. Many, many people are deserving of our thanks – their names are too numerous to acknowledge individually at this time. By thanking our chairperson, Linda Montoya we thank all who were involved in the preparation, the execution, and clean-up after the festival. To see so many generous parishioners and school parents who have worked the festival for many years, working alongside new people with their initiative and drive reflects the beautiful spirit of our parish community. Each one of you deserved so many thanks. Words are never adequate. The gift of time and hard work by all by all of you is truly inspiring. Finally, thank you, the parishioners and school parents who supported our festival in so many different ways (e.g. donating so many cakes, food, coming to the festival, sponsoring booths, financially supporting it, etc.) May God bless you all.
